Commissioners Select Depositories

The Coffee County Commission met in regular session on Monday, Nov. 24, at the Courthouse in Enterprise, and held a short, but very interesting meeting. Present at the meeting were Commissioners Jack Hornsby, Rex Boutwell, Glimmer Grant, Don Smith, Bennie Beckham and Max Reeves, along with Probate Judge James L. Sawyer, County Engineer Bill McClain and Clerk Brunese Winston. Also present at the meeting were commissioners-elect Billy Eageron, Marvin Bowden and Eugene Bradley.

The first order of business was to open bids on two cars to be used by the Sheriff's Department. Bids were received from: City Auto Sales - \$15,781.60 & \$16,388.20 (police package); Ed Sterling Ford - \$15,840 & \$15,850 (police package), and Bernie Hughes Lincoln Mercury - \$15,680.54 (police package).

Sheriff Brice Paul examined the bids, and rejected the bids from both Bernie Hughes and City Auto Sales because their cars did not include "split-bench seats", an item asked for in the specifications. Only two bids met all specifications, and the low bid from Ed Sterling Ford was accepted for the cars with a police package. The vote was not unanimous, however, as Comm. Rex Boutwell was opposed to purchasing the cars with the special police package.

Bids were also opened for pest control service for the coming year. Bids were received from: Pesto Pest Control - \$140 per month; Elico Pest Control - \$96 per month; Copter Pest Control - \$4.50 per month, and Kersey's Termite - \$125 per month. The commission voted unanimously to accept the low bid.

Judge Sawyer reported he had sent out letters for invitations to make a proposal for architectural work on a new jail to be built in Enterprise. A total of 23 firms were included in the mailing, which included questions to determine the best qualified firm. The deadline to receive proposals will be Dec. 15.

The Forest Investment Corporation, a firm which builds housing developments, asked the commission (in the form of a letter) for a tax exemption for property owned in Enterprise. The commission didn't completely understand the request, but agreed the firm didn't take the proper steps in seeking the exemption and put off the matter for further study.

County Engineer Bill McClain asked for permission to invite for bids for liquid asphalt and rocks to be used in patching county roads. The permission was granted, and the bids will be opened on Dec. 8.

Judge Sawyer reminded the commission it needs to name a County Depository on or before the first Monday in December (Dec. 1), and suggested it be done at the current meeting. Comm. Rex Boutwell made a motion to name the Elba Exchange Bank, People's Bank, Citizen's Bank and Enterprise Banking Company as depositories. The deposits would remain as is, with the General Fund in the Enterprise Banking Company, except the Gasoline Fund would be moved to the Elba Exchange Bank to be in addition to the Revenue Sharing Funds. The 3R Money (added 4 cents gas tax) will be kept in The People's Bank, while the Citizen's Bank will be used if needed. The motion was passed unanimously. The funds now total

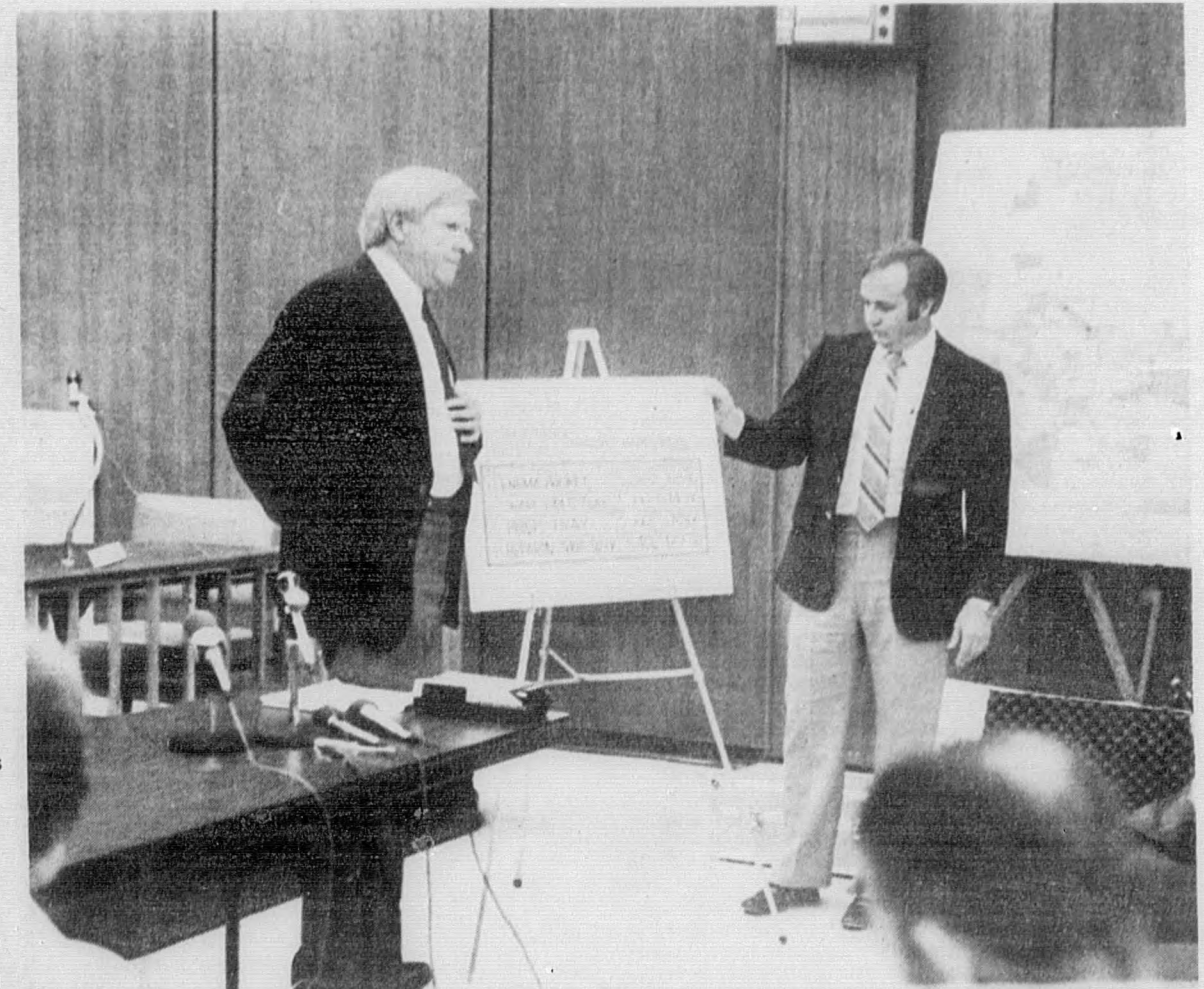

\$288,000 in the Enterprise Banking Company, \$261,000 in the Elba Exchange Bank and \$35,000 in The People's Bank.

Tax Assessor Mack McKinney was back before the commission and presented detailed breakdown on the funds that would be needed from each County Agency to reimburse him the \$30,000 he asked for to cover personal losses incurred during the tax re-appraisal program. The breakdown went as follows: County Commission - \$12,900; Enterprise - \$8,850; Elba - \$600; New Brockton - \$90; Kinston - \$60, and the three school boards - \$7,500.

"I have asked the biggest 3 contributors and they stated they would pay their share upon request of the county commission," said McKinney. "No one said no! I would like you to act today, one way or another. I have mortgaged my home and land to run my office, and since I'll go on Social Security in a couple months, I don't know how I'll be able to pay the notes off. It would be a nice Christmas present."

"I spent \$7,900 preparing car tags when I took office and didn't receive 1 cent in commission," added McKinney. "I didn't know I wouldn't get paid, or have to share my commission with the previous assessor. I need to know something so I can make arrangements at the bank."

The commission took no action, and while leaving, McKinney, bid the commission "Happy Thanksgiving." In Monday's final action, Judge Sawyer stated applications for Tax Appraiser would be accepted until Dec. 1, at 10:00 A.M., and that four applications had already been received.

Senator Miller and Representative Holley use graphics to display their charges.

Lawmakers Demand Investigation

Representative Jimmy Holley of Elba, and Senator Wallace Miller of Enterprise have publicly called for Humana, Inc., "to get out of Enterprise." The firm operates the Coffee General Hospital under an agreement described by Miller as a lease-purchase from the City of Enterprise. The state lawmakers accused the firm of gross overcharging of patients in the downtown hospital.

Friday morning in a press conference at the Enterprise City Hall the two lawmakers pointed out case after case of overcharging by the hospital. They told of the firm reporting a net profit of 26.23% in the 3rd quarter, and with an average bed occupancy of 47%. The firm reported a net profit of \$281,750, Miller said.

Hospital supplies itemized on the bills of patients also came in for a spot in the criticism. Miller pointed out an actual charge to a patient of \$183.40 for two butterfly stitches that cost \$3.75 a hundred! He added that Coffee General got more greedy by charging \$12.30 for an enema bucket that cost them 58 cents; \$14.80 for a 60-cent shave prep tray; \$18.50 for a prep tray that cost 60 cents; and \$127.50 for four Heparin shots that cost a total of \$5.40.

The information and displays presented by the pair showed a charge of \$1,197.25 for a stay of 1 hour and 22 minutes before the patient died. Another charge displayed was for a tetanus shot... cost \$60.70.

Miller told the assembled members of the news media, "I want you all to pay particular attention to this because this is so staggering that Jim and I really couldn't believe it."

He showed copies of a bill given to a heart patient who was in the hospital for four days with a kidney stone, and his bill for the drugs alone was \$1246. Later, after the patient had filed a

complaint and returned to the hospital for the same ailment and received the same medicine for the same four days, the drug bill and other items dropped drastically. Miller said that, after news of their request for an investigation hit the papers and the airways, the man received a call that there had indeed been an error of \$1,099 in his bill. Earlier he had been told, "Why are you worrying... you don't have to pay it yourself," apparently indicating it was covered by insurance.

Emergency room charges are also the highest in the area at Coffee General, according to Miller. He said the average in the area was \$14.92 and Coffee General charges at least \$52.

"The people of Enterprise and the Wiregrass have lost faith in Humana, and we want them out of town," Miller said forcefully. He also noted that he received complaints from the nursing staff that they were overworked and underpaid.

THANKSGIVING GREETINGS

Above are the remains of the truck driven by Owens who was killed instantly in the accident.

Dave Owens Killed In Accident

A car-pickup truck collision Saturday afternoon took the life of the truck driver and critically injured two of the three occupants of the car.

At 4:34 the Elba police reported the collision on Highway 87, Samson Highway, about two miles south of Elba and requested a rescue squad. One minute later the request was expanded to a need for all three rescue units, the fire truck and the coroner.

Dave Owens, age 47, and driver of the pickup truck, was driving north on 87 with an aluminum boat in the back of his truck. His parents live in Samson and he lived in Elba. He was killed instantly.

The black Trans Am, driven by Ray Charles Brown, age 25, was driving south at a high rate of speed, according to police reports. The two vehicles collided in a curve about two miles south of town.

Injured in the accident besides the drivers was Joe Lewis White, who was in the back seat of the Trans Am. A juvenile who reportedly was in the front seat of the car left the scene either in fright or in a daze. Police suspected there was another passenger in the car but didn't find him until several hours later.

The events began to unravel when an Elba police car on patrol clocked the car going across the Pea River Bridge on Highway 87. Officers Gary Brown and Freddie Hanchey turned around and followed the car, first reporting it had stopped at the intersection of 84 and 87. Upon arriving at the intersection, they discovered the car had continued, and they reportedly drove on down the highway themselves and found the accident.

Earlier reports that the police were in hot pursuit were countered by a statement given to law officers by the juvenile in the car. He said they saw the

police car turn around but thought they had lost it when they turned south on 87. In other words, he didn't attribute their speed to the police car minutes behind them on the same highway.

Brown was transferred to Montgomery by the Elba Rescue Squad later in the evening, and is in serious condition. White was transferred to Dothan by another Elba Rescue unit the same day. The juvenile suffered only minor cuts and bruises, and was not hospitalized.

The accident was investigated by Trooper R.W. Whitworth. He was assisted by Corporal Parker and the Elba Police Department and the Coffee County Sheriff's Department. Three units of the Elba Rescue Squad, the Elba Fire Department and Coroner Marvin McIlwain assisted at the scene. State troopers reported early this week that the accident is still under investigation.

Troy Highway Reopened

As of November 25, Alabama Highway 87 North to Troy, has been re-opened for through traffic. Project Engineer F.D. Harrelson reminds motorists to travel this highway very carefully during the remaining portion of construction work.

POOR ORIGINAL

Brainstorms

With Ferrin Cox

We sympathize with the families of Dave Owens and Justin Ray Dease. Both died in separate accidents during the weekend. Owens was killed in a car-truck accident Saturday afternoon and two-year-old Justin of Troy died of burns received when his family's mobile home burned. The child's grandparents are Mr. and Mrs. Warrnell Nelson of Elba. There is a hero in the Troy fire that deserves more than a thank-you and a pat on the back. Seventeen-year-old Tony Ramsey, who lived in a neighboring mobile home, dashed into the burning home, used his bare hands to snuff out the flames engulfing the screaming child and carried him out of the trailer. The child later died of the burns and smoke inhalation, and Ramsey was admitted to a Troy hospital with serious burns on his hands.

The debate over the danger or benefits of such groups as "Moral Majority" getting actively involved in politics continues. We note a news report that quoted President Carter's wife, Rosalynn, as saying she was concerned about groups that "believe if you are for the Department of Education, you are not a Christian." We share many of the ideas of such groups but we stop short of even thinking that a person who thinks otherwise is not a Christian. Our thoughts along the line are limited to hoping we can qualify "up yonder" and we worry very little about qualifying as Christians with the press.

The news out of Montgomery is that Melba Till Allen may be assigned to a nursing home for the balance of her six-month jail term. We have already heard some grumbling about this, but we are not grumbling about this. The state has work release programs and just because she is a "name" inmate shouldn't eliminate her from a chance to do some good. We disagreed with the legislature getting involved in the courts on her behalf; we disagreed with letting her off because the embarrassment had been enough suffering, and we use the same train of thought to approve of allowing Mrs. Allen to participate in the work release program just as any other person under the control of the Alabama judicial system.

In case you haven't heard, Alabama and Auburn (Auburn and Alabama maybe) square off in Birmingham Saturday afternoon. Neither team has as good a record as they had last year, and Auburn is needing this win just to have a winning season. Alabama fans are not used to losing to Auburn, and need the win for their pride locally as well as nationally. Bear Bryant needs the win to help on his way to the Winningest Coach, while it would be the one thing that can save Doug Barfield's job if he were to win. We are for the winner.

We have been asked several times about the press conference last week when Senator Miller and Representative Holley pointed out some high charges being charged by Coffee General Hospital. The questions, "What can they do?" Well, we have asked the same question of the lawmakers and others, and the answer we got was the one we suspected and that is: there is nothing apparently illegal, but public opinion is sometimes stronger than the law. If the public refuses to enter the hospital and/or refuses to accept the extra high bills, then the bills will be forced lower or the company will withdraw from Enterprise and turn the facility back to the city. Either way the legislators will have successfully completed their mission.

A group of meat packing managers from Thailand were in Elba this week observing the operation at Elba Packing Co. The Kelley brothers and their employees should feel honored that national experts in their field refer international visitors to their Elba plant as an example of the right way to operate. This group plans to return to their homeland and open a similar operation. To be sure they do it right, they plan to have one of their number remain in Elba for six months of training with the Kelleys.

HOW TO KILL YOUR CHURCH

Have you ever been involved in the death of a church? Is there a structure you know of where people used to meet and praise God? There are ways to kill a church and all of us may have been a part at one time. With the help of the Faith, Prayer and Tract League, see if any of these reasons fit.

1. Don't go.
2. If you go, go late.
3. When you go, go with a group.
4. At every service ask yourself, "What do I get out of this?"
5. Never accept office. It is better to stay outside and criticize.
6. Visit other churches about half the time so you can tell your pastor that you are not tied down to him. There is nothing like independence.
7. Let the pastor earn his money; let him do all the work.
8. Sit pretty well back and never sing. If you have to sing, sing out of tune and behind everybody else.
9. Never pay in advance, especially for religious. Wait until you get your money's worth, and then wait a bit longer.
10. Never encourage the preacher; if you like a sermon, keep him about it. Many a preacher has been ruined by flattery. Don't let his blood be on your head.
11. It is good to tell your pastor's failings to other strangers that may happen in; they might be a long time finding them out.
12. Of course you can't be expected to get new members for the church with such a pastor as he is.
13. If there happens to be a few zealous workers in the church, make a tremendous protest against the church's being run by a clique.
14. If your church unfortunately happens to be harmonious, call it apathy or indifference or lack of zeal, or anything under the sun except what it is.

The list could go on and on, but I think we get the message.

It's just a shame God's people act like this sometimes. Pray with me that, as we realize our failings and shortcomings, we would be quick to ask God's forgiveness.

IF YOU CAN AFFORD A NEW CAR BUT NOT NEW CAR INSURANCE... CONSIDER CUSTOM AUTO.

There are many reasons why you should consider custom auto insurance. It's the only insurance that gives you the freedom to choose the car you want, the way you want it, and the insurance you want. It's the only insurance that gives you the freedom to choose the car you want, the way you want it, and the insurance you want.

M Night Is Missionary Monday At Springhill Enterprise Elementary

Cutler County Baptist Association will hold the annual M-NIGHT Program on Monday, December 1, at 7:00 p.m. at the First Baptist Church in Enterprise. Dr. Dale Huff, pastor of First Baptist Church, Montgomery, will be the guest speaker.

The combined youth choirs of First Baptist Church and Hillcrest will also be featured on the program led by Tom Wickes and Steve Williams.

The program will be under the direction of Rev. Ben Ampong, Associational Church Training Director. David Scott, Associational Music Director, will lead the congregational singing.

Attendance goal is 750 for the Association, with each church striving to have at least 30% of their enrollment present.

It's just a shame God's people act like this sometimes. Pray with me that, as we realize our failings and shortcomings, we would be quick to ask God's forgiveness.

Let us come before Him with thanksgiving, and make a joyful noise unto Him with psalms.

Psalm 92:2
"Giving thanks always for all things unto God and the Father in the Name of the Lord Jesus Christ."

News From Our EARLY FILES

TEN YEARS AGO
NOVEMBER 26, 1970

The Elba Tigers will journey to Enterprise this Friday night at 8 p.m. to meet Dora in the second annual Freedom Bowl. Dora is a 3A school and has a 6-3 record which means Coach Atkins and his Tigers will not be able to sit on their laurels and win this game. Elba has a 6-2-1 record.

***Charles Lindsey is proud of his 16-month-old pointer bird dog. He said he and a friend went hunting Tuesday afternoon and the dog found four large covers of birds and they killed 13. Mr. Lindsey said the young dog shows promise of being one of the best he ever owned.

***Dr. W.R. Crook has returned from Enterprise hospital where he spent about ten days on account of a broken hip. He is getting along nicely and says he will soon be able to get about in a rolling chair. Anyone knowing of one that is available will do Dr. Crook a great favor by letting him know about it.

***Katrina May, titan-haired daughter of Mrs. Winnie H. May of Elba, will be featured in the beauty section of the 1971 "Constitutionalist." Judson College yearbook.

***Major Clyde Collier, son of Mr. and Mrs. H.C. Collier, Rt. 3, Elba, received the U.S. Air Force Commendation Medal for his service in the Vietnam War. He was a member of the 1st Cavalry Division, 1st Air Cavalry Division, and 1st Air Cavalry Division.

The Zion Chapel 4th grade 4-H boys held their second meeting for this year on Tuesday, November 18, 1980. The meeting was called to order by president Timothy Goodson. The club was then led in a song by Jeff Hussey and Stacy Faison. The devotion was then given by Shannon Morris. Keith Ward then led the pledge of allegiance to the American flag and the 4-H flag. Literature on the members' projects and on the wood working contest was then passed out by Mrs. Jack Tatum. The program given was on how to keep a good record book. Mr. Tatum also gave some additional information on the members' projects.

I went to watch Elba's Lady Tigers play last week and was very impressed with the talent on our team. This is only the second year that Elba has fielded a team, but the Lady Tigers are loaded with good players and have plenty of spirit. The girls lost a lot of games last year and dropped their season opener to Geneva, but there are brighter days ahead, and I hope the girls' program will continue to grow in years to come. Keep the spirit, girls - you're really getting better!

Boy, is the local area loaded with good basketball teams! Elba should have its best team in several years; Zion Chapel is quick and could be the real surprise of the season; New Brockton has everybody back, and if they didn't play such a tough schedule, could just pile up wins, while Kinston is stronger than ever and is everybody's pick to go to state. This is going to be one of the best basketball seasons ever!

The Coffee County School System includes three high schools - Zion Chapel, New Brockton and Kinston, and the teams all play each other in all sports. Until this year, the school that posted the best intra-county record declared themselves "County Champs," and presented themselves with a trophy. Well, those days are over; the coaches of the three schools got together recently and decided to combine their efforts and purchase a rotating "County Championship" trophy which would be at the winning school each year. The coaches also voted on an "All County" team and stated it would serve as a method to honor deserving athletes. I think it's a great idea and endorse it all the way.

Speaking of football, I'd like to say one last thing about the Elba Tigers' recently-completed season. Everyone in the state knows about Don Horstead - and he is great - but I'd like also to nominate Eddie Coleman for All-State honors! In my opinion, if Eddie Coleman isn't an "All-State" defensive player, there aren't any to be found. Eddie had another outstanding year, making over 100 tackles and almost a dozen quarterback sacks. Eddie Coleman is the best middle-guard in the state, and there is no doubt in my mind he could play anywhere! Eddie, you're one of the best players ever to put on the Elba "Black and Gold!"

Deer season came in last week and I hope all you deer hunters are all having fun. I have never been deer hunting and don't want to go, but I do appreciate the skill it takes to bag a buck, and do envy you a little. Last year we didn't have very many "deer pictures" in the paper, and I know it was not because there weren't many killed. Come on hunters, let us put your picture in the paper with that big buck!

The paper came out early this week, and the deadline to get news in the sports section was Friday, November 21, which meant Ye Ole Polish Prognosticator couldn't make any playoff prediction. He came by Thursday to tell me what a great year he had, and I talked him into making one last pick. Here goes: . . .

ALABAMA VS. AUBURN

All these clubs have to play for is bragging rights, but that makes little difference. Bama has "rolled" to a bunch of wins lately over the Tigers and this year will be no different. However, it will be closer!

Alabama 17 - Auburn 15

Finally, I guess the time has come to make my pre-season picks of the top teams in South Alabama. The "Polish Prep Poll" won't start until after the holidays, but here are the teams to watch. . . . Class A - Kinston, Red Level, Houston Academy and Brantley. . . . Class 2A - Headland, Abbeville, New Brockton and Georgiana. . . . Class 3A - Andalusia, Troy, Brundidge and Eufaula. . . . Class 4A - Enterprise, Northview, Lanier and Dothan.

Watch 'em!

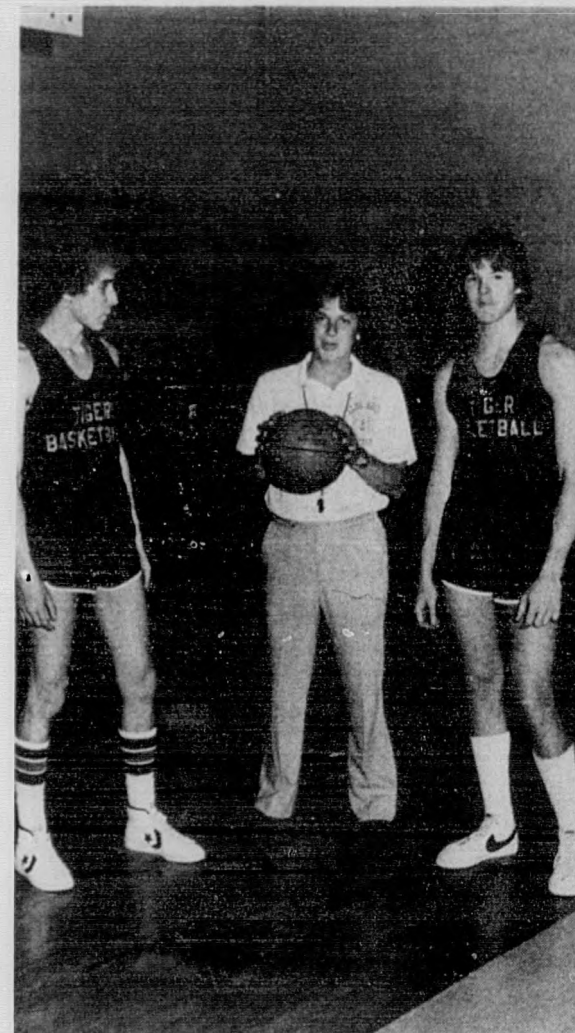

Big Buck Contest

Foxfire Sporting Goods and The Elba Clipper are proud to announce that they are co-sponsoring a "Big Buck" contest for everyone in the Elba area. The contest started on Friday, November 21, and will continue until Monday, January 19. Any hunter who wishes to enter should bring his buck to Foxfire Sporting Goods in Elba, where the rack will be measured and deer and hunter photographed for the paper. There is no entry fee, but the only place you can enter is at Foxfire Sporting Goods!

The winning hunter will receive a Mauser Mark 10 Viscount, Bolt Action, valued at \$265. Don't forget to bring your "big buck" by today.

Elba Tigers Continue Working Toward Dec. 2 Cage Opener

Gunnells, Kirkland & Cox.

Zion Chapel Rebels
Are Working Hard

The Zion Chapel Rebels have been working on the hard court for almost 2 weeks, and Coach Mike Lindsey reports his squad is working hard to get ready for a touch schedule.

"Our only goal is to win as many games as we can," declared Coach Lindsey in a recent telephone conversation. "We have put in 5 offenses and 2 defenses, worked a lot on fundamentals and shot a whole lot of free throws. We scrimmaged on Wednesday night, and though I was disappointed in our passing and rebounding, I was pleased with our quickness on the court. We need two more weeks of work before we'll be ready to play; but since our first game is

The Elba High basketball team completed its second week of practice last Friday and Coach Jerry Kirkland reports his squad is progressing well in preparation for the 1980-81 season.

The Tigers open the season at home on Tuesday, December 2, against Laverne.

"We're doing pretty good," reported Kirkland in a recent interview, "and I think we'll be ready come December. A couple of boys are sick and we've got a couple of sore ankles, but everything is going okay."

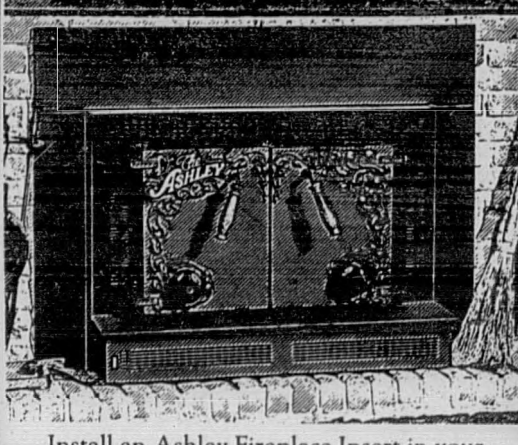

"We held our first scrimmage on Wednesday," added Kirkland, "and all the boys did a good job dribbling and passing. We divided up our squad equally and played three quarters non-stop. The score was 54-44, with both teams taking good shots. Both teams ran their offense well and didn't try to fast-break. Our boys were hustling well and did real good on defense. We didn't shoot free-throws and didn't call many fouls, but I thought both teams played a real good game."

"Frederick Reed did a good job on both offense and defense. Ted Horstead did a good job of running the team and got the ball up and down the court well; and Etheridge

Gunnells did a good job on the boards and played well on defense. Doug Daniels and Paul Cox both worked hard on the defensive boards, while Bobby Guley, a sophomore, hit some good shots and looked good on offense. We're expecting Mike Anison and Don Horstead both to start practicing next week, and they really should help our team. They both are still hobbling with football injuries, but should be ready to go."

"We are working hard," stated Coach Kirkland, "but we still need to work on getting up and down the court on the fast break. We're still working on fundamentals, have put in our offense and defense, and still have to work on some little things. All the boys have caught on real well on offense and they know what we want them to do. Our execution needs to improve, but I think it will come along with practice. In recent practices we've been picking up on defense, and all the kids have been getting after each other. Right now, I'm pleased!"

"All the players are hustling every day," continued Kirkland, "and we've had good leadership from the older boys and the young

Elba Lady Tigers Drop Opener To Geneva 44-32

The Elba Lady Tigers opened their basketball season last Thursday night in a 44-32 loss to the Geneva Lady Panthers.

The game was hotly contested from the opening tip until the final horn and had a total of 51 fouls committed. The fouls played a big factor in the game, but made little difference in the score as the two clubs hit only a total of 18 free throws in 51 attempts.

Both teams came out ready to play in the opening stanza, only to find their shooting touch as cold as the weather! Neither team could find the range for over 4 minutes, with Elba's Cara Horstead finally scoring on a free-throw with 3:41 left in the quarter to give the Lady Tigers a 1-0 lead. The lead then see-sawed for a few minutes, and at the end of the first quarter, Elba owned a 6-4 lead.

Geneva's girls scored 3 unanswered baskets to open the second quarter and grabbed a 10-6 lead they would never relinquish. The visitors continued to pull away throughout the period and at the half had moved on top 22-14.

Patricia Daniels hit a jumper early in the third quarter to pull Elba within 6 points at 22-16, but that was as close as Elba could get as Geneva began to pull away! The Lady Tigers made a mild run at Geneva midway through the final stanza and pulled to within 6 points at

Coach Debbie Carille talks with her team during a time-out.

38-32, only to see Geneva hold on and claim the win 44-32.

Patricia Daniels scored 11 points to lead Elba, while Wanda Johnson added 8

Also scoring were Cara Horstead 6, Barbara Odom 4 and Stacy Dorsey 3. Pacing the Elba defense were Lynn Mills, Daniels and Dorsey. Cookie Whitaker and

Tonya Spence scored 20 and 11 points, respectively, to pace Geneva.

Sid Averett Elected To

GFA Board

Wednesday, November 12, a meeting was held at 2:00 p.m. in the Covington County Courthouse in Andalusia to elect a 3-year director for District 9 to serve on the GFA Peanut Association Board.

The present director, Ralph E. Bryant, was not seeking re-election. The persons that qualified and were listed on the ballot were Sid Averett, Everett Bryant, and Kenneth Sanders. After the voting was done by secret ballot, Sid Averett was declared the winner.

Sid Averett has been an active farmer in Coffee County for many years. After being elected director, Mr. Averett stated, "I thank all of you who came and voted for me and I want to be everyone's director in District 9. I will do my best to serve all of you and to be a good representative during the next three years."

District 9 includes the counties of Perry, Autauga, Marengo, Dallas, Lowndes, Wilcox, Monroe, Butler, Crenshaw, Conecuh, Mobile, Escambia, Covington and Coffee situated in Alabama, and those counties in the states of Mississippi and Louisiana east of the Mississippi River, in which peanuts are grown.

The next meeting to elect a director for District 9 will be held in 1983 at the New Brockton Farm Center.

DIABETES affects about five percent of all Americans - or ten million people. Diabetes is becoming more common for two reasons. One - more and more diabetics are having children. Not all children of diabetics will develop diabetes themselves, but their chances are increased. So, there are more susceptible people than ever before.

Two, obesity is becoming more prevalent. Research shows obesity is an agent in the development of diabetes in adults. This is true for everyone, whether they have a family history of diabetes or not.

It's important all persons maintain a normal weight, especially those with diabetic relatives, to help prevent or delay the development of diabetes.

SPICY NEWS How can you serve flavorful meals and still cut calories? Learn to use herbs and spices to your advantage.

Seasoning with a herb or spice can reduce the amount of fat needed for flavoring a dish. A well-selected, properly used spice will produce a food as tasty as one served with a sauce - and it will have fewer calories.

Herbs and spices can also be a blessing for people who are looking for flavors to substitute for salt or sodium. Study spice charts and select appropriate ones to add flavor to unsalted foods such as vegetables.
